PROPHECY

Last week I was approached by Mr. Barrows who, as most of you know, is our Guidance Advisor at Sharon High School. Because it was Monday morning, and I am free first period every Monday, I accepted Mr. Barrow's invitation to come to his office, as he wanted information concerning my plans for the future. After plying me with questions about my interests and abilities, he asked me if I would like to hear a very strange and interesting incident which happened the previous weekend. When I said, "Yes," I saw a slight smile appear and then vanish from his face. He put some loosely scattered papers to one side of his desk, and, slowly leaning across it, began to tell me the following story.

He said that Saturday was a day of leisure for him; and, seeing that it was such a beautiful day, he decided to go for a ride. As he rode along, he noticed an old, shabby house set off from the road. Curiosity compelled him to drive as close as he could. Then he stopped the car and walked the rest of the way. When he reached the house, he noticed a shingle on the porch reading, "Fortune Teller".

After walking in, he sat down in a chair which was close to a table in the center of the room. A few minutes later a witch-like woman appeared. She sat down, put her crystal ball on the table, and began to wave her hands over the sphere, mumbling some words that sounded like double-talk. "But, strangely enough, instead of reading my future," Mr. Barrows said, "she told me the future of the graduating class.

"She said that she saw the Class of 1955 in the center of confusion as usual. First she saw a broadcasting studio featuring Nancy Patterson, the vocal star of 1970. Suddenly disc jockey Ernie Baldasaro cut in on the song to say that there was a terrible flood in a suburb of the teeming metropolis of Sharon. At that moment Father McCarthy arrived at the broadcasting station to make an appeal to the public, the gist of which was that he was looking for two men to operate the town swanboats to pick up the survivors of the flood.

"Then the scene shifted to the flood area where two able-bodied marines, Arty Lindberg and Jack Patterson, were arriving to aid in the rescue of the stricken people. Charlie McNair and Dick Verzone graciously offered their gymnasium to the flood-control officials in order to bring in the homeless survivors for coffee and doughnuts. Louise McCarthy, Kay MacAskill, and Faye Mitchell volunteered for the clerical work involved at the gymnasium.

"Then suddenly," said Mr. Barrows, "the scene shifted back again to the radio station where Bill Hawkins, President of "Hawkins World Airways," was arriving with two colleagues, Dave Phelps and Henry Geissler, to give a panel discussion on "The Possibilities and Probabilities of Sending Planes to the Scene of the Flood to Rescue Survivors." The result of the

discussion was to charter a plane. Immediately the trio set out to rescue the townspeople. It was also decided that Ian Mueller should follow the plane in a rowboat so that he could interview people for data to use in his next novel.

"As the crystal ball followed him, Ian first met Myron Brown, who was trying to save some of his prize livestock from the flood. Next he came to Mark Wolff, who was using a few choice words due to the loss of his flock of chickens. The words were of no value to Ian. As he rowed on, he noticed Bruce Poor, Artie Reid, and Paul Graham trying in vain to haul up their newly built racing car, which they had expected would win on the Indianapolis Speedway. Close to this group, Jim Alexander was desperately trying to save his fleet of trucks from the on-rushing water. In all the turmoil, ex-collegiate Perry Goldman was walking around hoping that the flood would not reach his "alma mater." On a height of land above the flood level, Mary Zuis and Dick Kerstein could be seen recording, on canvas, the havoc caused by the flood.

"Photographer Hawkins was able to take many pictures from his plane. One of particular interest was of Ed Daner's drugstore roof occupied by Pat Carney, Sue Fallon, Phyllis Fleming, and Pam Foster, four registered nurses, who were administering first aid to some survivors. Also taken were pictures of Skip Bailey and Dan Carpeno working feverishly in an attempt to repair the electric wires which ran through the town. Working beside them was Ted Hixson repairing the telephone wires.

"According to the crystal ball, David Deltano and Ralph Hutchins, two well-known engineers, had been hired by the state, many weeks before, to build the dam which had just washed out; and, in answer to the demands of irate citizens, they were being held responsible. Immediately, Bernie King, well-known lawyer, and his bevy of secretaries, Jean Beckwith, Sunny Churnick, Lorraine Corman, and Mary Brunetta, were called in to try to convict the two engineers of neglect.

"At that point," Mr. Barrows said, "the fortune teller, cackling and rubbing her hands together, croaked, 'The crystal ball will reveal no more. The only way to find out how this trial ended is to wait until it takes place.' "

JUNIOR CLASS

Two years ago we saw the artistic creative talents of the Junior Class when they put on their freshman dance, "April In Paris." Last year again they showed their talents when they presented "Dragnet," their Sophomore Hop. These two dances assure a fine Junior Prom this year. The Class of 1956 also has shown athletic abilities which will be of great value to the sports programs next year.

With these qualifications we are sure that their Senior Class activities will be a credit to Sharon High School.

SOPHOMORE CLASS

In April 1954, the Sophomore Class presented "Crazy Mix Up," which was the theme of their Freshman Dance. In November they again showed their ability to turn the gym into an attractive dance hall when they presented their Sophomore Hop, "Mardi Gras." This dance was an overwhelming social success, with a larger attendance than any sophomore dance has had for many years.

Not only has the class put on two successful dances, but also they have demonstrated their athletic ability in their two years in high school. We, the Class of 1955, wish them the best of luck in their future social and athletic undertakings. We know they will be outstanding in their junior and senior years.

FRESHMAN CLASS

The fact that the Freshman Class is divided into three homerooms is a sign that Sharon High School is growing fast. Their three advisors are always there to help them. Class officers were elected at a meeting in the fall. As we go to press, they are planning a dance that will take place sometime during April. We wish them success in their dance and all the projects which they undertake in their next three years.

BOYS' VARSITY BASKETBALL

This year the boys have enjoyed a very successful season, finishing in second place in the tough Hockamock League. We would like to thank Mr. Konsavage, our coach, for his understanding and patience in molding this year's team into a highly respected unit. We, the Class of 1955, feel that in the future, as in the past, Sharon's will always be among the best of high school teams. This year the boys have done very well in winning ten out of fifteen games and qualifying for the Eastern Mass. Tournament.

As the yearbook goes to press, we would like to wish the boys luck in the South Shore Tournament where they will be one of the leading contenders for top honors.

CHEERLEADERS

The cheerleaders for the season of 1954-55 were chosen by members of the faculty. Those who are on the squad for the second year are Patty Carney and Phyllis Fleming. The new members are Anne Hayes, Captain; Louisa Gardner, Bonnie Flynn, Mary Brunetta, and Marilyn Niethold with Cherry Langstroth and Micaela MacDonald as alternates.

Aided by the school department, the girls purchased material which they, with the capable guidance of Miss Haley, turned into chic maroon jumpers and white jerseys.

Their peppy enthusiasm has added much excitement to the games.

The Girls' Varsity Club, organized to foster better sportsmanship and to aid in the sports programs of Sharon High School, has been in operation for three years.

Under the capable direction of Miss Haley the club has undertaken various projects, such as taking over completely the intramural program, sponsoring a car wash, and selling school hats to the students. With the money earned from these projects, the club plans to buy a set of books on sports to be placed in the school library to give the students a better knowledge of these games and help promote good sportsmanship. The club will also present jackets to the senior members who have participated in these activities.

With the continuation of such projects the club will always be an asset to Sharon High School as it has been in the past.

This year the Boys' Varsity Club has undertaken some changes in its organization. It has drawn up a new constitution, set up a point system, and organized an Executive Board to take care of the club's membership and act as a steering committee for club policies.

Its many contributions to the school have included the provision of busses to the basketball games, the sponsoring of food sales to purchase athletic equipment, the formation of an intramural volleyball league, and the conducting of pep rallies. The club has gone on record in favor of an interscholastic football team and is ready to assist this program. Its intramural football is very important because it eventually will form the nucleus of our varsity program.

The Sharon Boys' Varsity Club is accepted as a fine organization, one worthy of promoting good sports and good sportsmen.

STUDENT COUNCIL

The Student Council is a twenty-five member organization which can best be described as the voice of the student body. Under the capable guidance of its advisor, Miss Burns, the council has tried to clarify and solve the problems of the pupils.

Among the services which the Council renders to the school are the sale of student supplies, the direction of the Magazine Drive, and the maintenance of a monitor system in the school. The Council also is in charge of chapel programs.

Services beyond our school sponsored by the Council within the last year were the "Save the Children Drive," for which a total of 1800 pounds of used clothing were collected, bundled, and shipped, and also the "Care Drive," which brought in $50.00 for needy people throughout the world.

Sharon High School is proud of the Student Council because of its achievements and its contributions to the school.

INSTRUMENTAL GROUPS

Under the capable direction of Mr. Philip Hoffman, the instrumental groups, consisting of an orchestra, a band, and a sports band, have had a busy and profitable year. Besides playing frequently for the student body in assemblies, the band and orchestra participated, with the vocal groups, in the Christmas and Thanksgiving programs. The sports band has played at home basketball games to cheer the boys on.

Mr. Hoffman and the band are especially grateful to the Sharon Rotary Club who presented them with a substantial sum of money so that additional instruments could be purchased.

We are sure that these groups will be as successful in the future as they have been in the past.

VOCAL GROUPS

In addition to the mixed chorus this year, there was also a boys' chorus and a girls' chorus, whose music everyone has enjoyed tremendously.

These vocal groups, under the direction of Mrs. Eleanor Edwards, presented a program for our Thanksgiving and Christmas assemblies and participated in other assembly programs throughout the year. A joint concert with the instrumental groups was presented in June. Both groups will also assist at Commencement.

Four members, Susan Fallon, Virginia Markt, Daniel Carpeno, and James Jones, were chosen to attend the annual All State Music Festival which was held at Symphony Hall on February 26, 1955. In May the Girls' Glee Club and the Mixed Glee Club entered the South Eastern Festival held at Mansfield and sang as separate units.

We wish these groups success in all their future activities in Sharon High School.

Success

Success is the sum of small efforts
Repeated day in and day out,
With never a thought of frustration,
With never a moment of doubt;
Whatever your cherished ambition,
Begin now to make it come true
Through efforts, repeated, untiring,
Plus faith in the thing that you do.

May the Class of 1955 have a
successful, happy future.

Mr. and Mrs. Leo G. Mueller
